17 June 1982

MEMORANDUM FOR: Deputy Director of Central Intelligence  
FROM : [REDACTED]  
Chief, Technology Transfer Assessment Center  
SUBJECT : SIG on the Transfer of Strategic Technology --  
Friday, 18 June 1982

25X1 1. This will be the second meeting of the State-initiated SIG on the transfer of strategic technology. Bob Gates and [REDACTED] 25X1  
[REDACTED] attended the first SIG meeting at which CIA gave a briefing on the technology transfer loss problem. Although most Agency representatives were non-committal concerning the SIG's terms of reference (TOR), Commerce was clearly against its formation, stating that the SIG's focus clearly infringed on their turf, as stated in the Export Administration Act. All attendees were asked to comment on the TOR and the Minutes of the first meeting. Bob's reply is attached (Attachment A). Commerce is still opposed to the SIG and may not show up for the second meeting.

2. The Agenda for the second meeting will include a follow-on discussion of the Minutes of the first meeting and TOR (Attachment B) and two items that specifically involve the Intelligence Community:

-- A general report to the SIG on IC activities in the technology transfer area; talking points are attached for your use. 25X1
